

Object : Changement raison sociale

Dear Sir, Madam,

February 1<sup>st</sup> 2019, our shareholder New Day Aluminum Holdings LLC launched his activity of specialty products under the name of **NICHE**, acronym of Noranda Industrial Chemicals.

NICHE includes chemical-grade alumina activities (non-metallurgical alumina, hydrate and dried hydrate) from the Gramercy factory (USA), Fused Magnesia from the Hull factory (UK), and the Fused Alumina business in La Bâthie.

To symbolize the merging of specialty activities, ARC Fused Alumina changes its business name to become **NICHE Fused Alumina**.

This change has no impact on administrative information and contact details (SIRET, SIREN, N°TVA...) or bank details.

Thank you to take into account this new business name, which is effective since 06/24/2019.

Sincerely Yours,

Pierre Le Cacheux

Directeur Général

Jean-Luc Lafitte

Directeur Commercial
